Homecoming To Be Colorful Event Saturday At W.T.

The long-awaited and much planned-for Homecoming holiday is almost here for students and ex-students of West Texas State College alike. Western-dress is the order of the week, and students are preparing for one of the most gala Homecoming celebrations ever staged here.

First of the big-time festivities will be Friday night when the traditional bon-fire and pep rally will be staged at 7 o'clock. Following the rally, the Homecoming play, "Your Uncle Dudley", will be presented in the auditorium of the Administration building.

Registration of ex-students returning to the campus will be conducted beginning at 8 o'clock Saturday morning.

For the free barbecue to be given at the tennis courts from 11:00 until 1:30 o'clock, faculty, students, ex-students, and the families of all three groups are eligible—provided that they register beforehand.

The barbecue committee, headed by Milton Morris and Boone McClure plans to feed between four and five thousand.

Three miles is the length committee-men have anticipated for the parade to begin at 11 o'clock. Forming west of the campus on Third avenue, it will move toward town, and return college-ward on Fourth.

Bands To March

Included in the attractions of the colorful procession will be floats entered by various organizations and townsmen, decorated cars, from 15 to 20 bands (with the West Texas Buffalo Band in the lead position) and possibly a contingent from the Will Rogers Range Riders of Amarillo.

Approximately 800 bandmen invited here for the occasion have accepted, according to Jerry Newman, head of the Band committee. Definitely on the acceptance side of the ledger are the following high school groups: Tucumcari, Canyon, Whiteface, Floydada, Muleshoe, Shamrock, Ralls, Wildorado, and Lockney.

With a 98-piece band to back them, students from Hardin College, Wichita Falls, WT's opponent for the gridiron game at 3 o'clock, will arrive in Canyon sometime Saturday morning.

Tentative arrangements have been made by La Nelle Ekland Hagemeier to secure midway rides from Amarillo; however, definite locations for them have not been determined. The rest of the carnival set-up probably will be on the west side of the campus, in the space in front of the Education building.

There, social clubs and other organizations will conduct their concessions continuously except during the game. The concessions committee, led by Dr. D. A. Shirley, has accepted bids as follows: cold drinks, Epsilon Beta; penny-pitch, Gamma Phi; Buffalo pennants, confetti and other souvenirs, Pi Omega; bingo, Tri-Tau; hat-checking at the dances, Delta Zeta Chi; popcorn, peanuts, "Beat Hardin" tags, cheerleaders.

Two Dances

For the evening's entertainment, two dances will be given; one in the spacious new cafeteria, and one in Randall Hall. One of the two will be a strictly modern affair, with music furnished by the Collegians. The other will be for adherents to the old school: square dancing. Dance teams from all over the Panhandle, regardless of whether they include exes, have been invited, and Grady Wilson of Amarillo will do the calling.

Prizes to be awarded former students (for coming the longest distance, etc.) are in charge of Mrs. Tommie Montfort. Movies of the Buffs' current football record will be shown all day (except at game time) on the second floor of the Buffalo Courts Recreation Hall.

Donald Simmons Was on Parole After Trial in Canyon

Donald Cloy Simmons was killed Thursday in Okmulgee, Okla., as the result of a gun blast while trying to rob a grocery store. C. F. Johnson, owner of the store, was held up by Simmons and Raymond Palmer.

Johnson succeeded in getting his gun after being shot by one of the boys. Bullets from Johnson's gun hit Simmons in the neck.

Young Simmons was in the hold-up of the airport in Canyon in May. He was released to George McCathy, Amarillo attorney, on parole. Simmons had confessed to several criminal jobs before the airport robbery.

Weems S. Dykes Is New Minister at Christian Church

WEEMS S. DYKES

Weems S. Dykes, minister of the First Christian Church, began his ministry Sunday with the local congregation. Before coming to Canyon, he was minister of the First Christian Church at Eastland.

Mr. Dykes was reared in East Texas in Wood County, and finished high school at Mineola. He does not have a family, although his mother has been making her home with him for the past two years. She has gone to Gilmer to make her home with one of her daughters.

Mr. Dykes received his educational training at Texas Christian University where he received the Bachelor of Arts and Bachelor of Divinity degrees.

To the people of Canyon, he would like to say, "It is a privilege to be in your community and I look forward to a fruitful ministry and the job that comes from making new friends."

Borer Treatment Given By County Agent Shahan

Here's a horticultural tip from H. E. Shahan, County Agent, and this time he's talking about an insect that eats Texas fruit growers out of plenty of dollars every year. The borer is the insect, and what it takes to kill it is really a mouthful . . . paradichlorobenzene or ethylene dichloride. Borers will also attack non-fruit bearing trees.

October treatment for the borer will kill him out before the real damage is done, says Shahan. First you'll want to check to see if you've got borer trouble . . . and this consists of taking a look at two or three pieces of wax which comes out of the tree down near the ground line. If tiny sawdust particles are mixed in the wax, you can start treating, because you've got borers.

To apply the paradichlorobenzene, you first want to take a hoe and pull the soil back from the trees, down to the crown of the root system. Scrape off all gum and loose bark. Then pull your soil back up around the tree, to a height of about six to eight inches, and smooth off the top of the mound. Then apply your material . . . one ounce of paradichlorobenzene for a tree that's over three years of age. Pour it in a circle, about two or three inches from the tree. Don't let it contact the tree or burning may occur. Then cover the material with a half-inch of soil and the job is done.

If you use the other material . . . ethylene dichloride . . . you can pour it around the body of the tree without preparing a mound of soil to hold the gas. The usual treatment is from one-half to one pint of the material per tree, depending on the age and size of each.

Both of these materials can ordinarily be bought at your local drug or seed store. And at a cost of only a few cents per tree, borer damage can be eliminated.

Conner Hall Opens Doors To Public

For the first time since completion, Conner Hall will open its doors to the general public Wednesday evening, October 22. It is the newest dormitory for men on the campus, and one of the nicest in the state. The building houses 98 men with two in each room. The building is finished on the outside with red brick and green shutters.

The hall will be opened to the public from 5 until 9 p. m. Wednesday. Visitors will be shown through the hall and allowed to inspect the rooms. Conner Hall is located on the first paved street north of Buffalo Stadium. Milton Morris is supervisor of the dormitory.

If it stinks we have it. The Flower Mart, phone 335.

Milk Producers Are Given Boost For Their Milk

Randall County Dairymen will receive an increase in milk prices at Amarillo.

A large delegation from the association met milk distributors in Amarillo Thursday morning and was granted the increase of 70 cents per hundred in price. The dairymen asked for an increase of 80 cents per hundred, but settled on the 70 cent price.

Earl Burtz, president of the Randall County Dairymen's Association, presented the arguments for an increase in milk prices. The Borden Company agreed to the increase at once. Other distributors are expected to agree to the increase in prices as soon as it is effective.

With no wheat pasture available, and with the large increase in prices of all feeds, the dairymen told distributors that they could no longer break even at prevailing prices.

It is expected that retail prices will go up 2 cents per quart.

Randall county furnishes a major part of the milk used in Amarillo. Other Panhandle counties will profit by the increase granted to the local producers.

Funeral Services For Infant Held At Wellington

Funeral services were held in Wellington, Tuesday, Oct. 7, at 4 p. m., at the First Baptist Church, for Linda Joyce Roberts, 9 months old daughter of Mr. and Mrs. Archie A. Roberts.

The baby died in a Shattuck, Okla., hospital Monday after a short illness. Mr. Roberts, now a teacher in the Higgins schools, is a former student of West Texas State College and last summer, he and Mrs. Roberts were supervisors of Conner Hall.

Mrs. Roberts is the former Miss Idell Smith, sister of Mrs. Bob Parsons of this city, and daughter of Mr. and Mrs. A. T. Smith of Wellington.

Glen Allen Dies In Fort Sumner Of Heart Attack

Word was received here this week of the death of Glenn Allen which occurred in Fort Sumner Saturday following a heart attack. Mr. Allen was well known in Canyon having been a partner with T. A. Black in the firm of Allen and Black until two years ago when he sold his interest to Mr. Black. He resided in Canyon for seven years, leaving here in 1942 to go to Fort Sumner. He is a cousin of Mr. Black.

Funeral services were conducted in the Fort Sumner Methodist church Monday afternoon at 2:30. Surviving are the wife, Carolyn, the mother, Mrs. Helen Allen of Fort Sumner, a sister, Mrs. Helen Ann Blue, and a brother, John Allen, Jr., of Albuquerque.

Mr. Black attended the funeral services.

Revival Services Continue at First Methodist Church

Revival services began Sunday, Oct. 12 at the First Methodist Church, continuing this week and will close Sunday evening. Rev. E. Lee Stanford, Amarillo, and Rev. Vernon N. Henderson, Vega, evangelists, are alternating at the preaching services, held each evening at 7:30.

Rev. E. D. Landreth, superintendent of the Amarillo district, will speak Sunday morning at the 11 o'clock hour, and the pastor, Rev. Hubert Thomson, will close the revival at the Sunday evening service at 7:30.

The Young People's Choir, directed by Mrs. Bryan McDonald is in charge of the music for the week.

Cold Wave But No Moisture Falls In Randall County

Another cold wave hit the Panhandle over the weekend, bringing a slight mist, but no rain.

The sidewalks and pavement were slightly damp Friday as the result of mist in the air, but that was the only indication of rain in Canyon. Clouds gathered several times, but rapidly cleared away.

According to the weather man, there is no indication for rain this week.

Mrs. Wayne Butler And Son, Michael Arrive In Canyon

Two of the newest residents of Canyon are Mrs. Wayne Butler and Michael Wayne, 3½ years old, wife and son of Wayne Butler of this city. They arrived in Amarillo Monday morning from Warrington, England. This was their first reunion since New Year's eve of 1943, and the first time father and son had seen each other.

Mr. Butler met his wife and son at English Field, and they had breakfast at the home of his sister, Mrs. Carl Miller, in Amarillo.

Mr. and Mrs. Butler were married in England in May, 1943.

CANYON HIGH TO HONOR EX-STUDENTS

This is also being observed as Ex-student Week at Canyon High School, and they are receiving recognition by being invited as special guests for the Canyon-Friona football game Friday night at 8 o'clock at Buffalo Stadium.

All ex-students will be admitted for 16 cents each, provided they hold special guest tickets which will be distributed this week, Supt. E. A. Wooten announced.

Mr. and Mrs. Frank R. Phillips visited with the Littlefield Chapter, Order of the Eastern Star, at its meeting Friday evening. Mr. Phillips is Worthy Grand Patron of Eastern Star, State of Texas, and Mrs. Phillips is Deputy Grand Matron of District 2, Section 3.

They are good to the last Scent. The Flower Mart, phone 335.

Business Houses Enter Parade and Close Saturday pm

Practically all business in Canyon will be suspended Saturday afternoon starting at 2:15 o'clock until the Buffalo-Hardin football game is over.

A survey was made Tuesday which showed that 86 firms had agreed to close for a two-hour period. Of course the game will not be over until about 5:30 o'clock, but many of the stores will reopen at 4:30 o'clock in order not to delay their out of town customers too long.

A large per cent of the business firms of Canyon will have floats or decorated cars in the parade which will pass through the business section at 11 o'clock.

More than a dozen visiting high school bands will be in the parade, and will participate in the activities of the afternoon.

Visitors In Randall County Are Highly Pleased at Outlook

G. W. Rogers of Cambridge, Ill., was a business caller in Canyon Friday. He is a land owner in Randall county, having bought a section in the southwest part of the county in 1906. He is highly pleased with his investment here, which has proved profitable.

"The thing I like about you people is the fact that you never get discouraged," stated Mr. Rogers. "During the 41 years that I have owned this land, you have many adverse conditions, but few have ever become discouraged. You just keep right on, good or poor times."

Mr. Rogers was accompanied by his son-in-law, K. L. Telleen, and uncle of his son-in-law, J. M. Telleen. This was the first trip for both of these men to the Panhandle.

Mrs. J. S. McCormick returned this week from Baileyville, Kansas, where she has been spending several months in the home of her brother.

Canyon C. of C. Members Asked to Attend Barbecue

Members of the Canyon Chamber of Commerce are invited to attend the Homecoming barbecue to be held at the College tennis courts Saturday from 11:30 until 1:30 Delbert Lowes, president, said yesterday.

They may secure tickets to the barbecue for their families, members of their firms and, or friends by showing their membership cards to F. E. Savage Saturday morning or at the barbecue.

Anyone who has lost a membership card may go to the Chamber of Commerce Office, where a new one will be issued.

Mrs. Cecil Briggs To Be Librarian

Mrs. Cecil Briggs has been appointed temporary librarian of the Randall County library to replace Mrs. S. D. Burton who is on a year's leave of absence to serve as an assistant in the library at West Texas State Teachers College.

Mrs. Burton has served as Randall County Librarian for the past 12 years.

Dr. Mattie Mack Is Guest Speaker

Dr. Mattie Mack, professor of English at West Texas State, was the guest speaker at a luncheon of the Plainview Branch of the American Association of University Women, Saturday, October 11, at the Hilton Hotel. Miss Ruth Lowes, president of the Canyon Branch, accompanied her.

Mrs. Mack spoke on the "Social and Economic Trends as Reflected in Modern Literature."

Mr. and Mrs. Roger Francis of Kress were week end visitors in the home of Mr. and Mrs. Tom Langston, Jr. They are the parents of Mrs. Langston.

Company E Will Get Started In the Near Future

Col Ira H. Treest was here from Austin Thursday checking up on the delay in getting Company E organized and in action. He found that all correspondence regarding the company had been lost in Austin, and that new papers must be filed. He promised immediate action.

Donald Olson had been recommended as Captain of the new company, with Robert Bellah as First Lieutenant. Both are veterans of World War II.

It is necessary that two officers and 18 enlisted men be mustered in the company for complete organization.

When the guard company was proposed for Canyon, the war department wished to make it an anti-tank company. Plans were later changed, and an infantry company was authorized.

At the same time, the war department promised to furnish a building from the Amarillo Army Air Field when 20 acres of land was provided by Canyon. This land was procured as a part of the airport, which will be established north and east of the campus. However, since that time it is reported that all buildings at the air field have been allocated, and the government will furnish another building.

When the new company is organized it will have temporary quarters in the American Legion building.

As soon as the officers receive their commissions, enlistments will be open for members of the new guard company.

The Chamber of Commerce is assisting in the organization of the new company. D. E. Lowes, president, was with Col. Treest during his visit to Canyon.

First National To Close Sat. At 12 O'Clock Noon

Customers are requested to do their banking Saturday morning since the First National Bank will close at 12 o'clock noon and will not reopen during the afternoon, according to an announcement by W. C. Black Tuesday.

MARRIAGE LICENSES

Don E. Crowder to Nell F. Martin, Oct. 7.
Dellis Russ to Dora Belle Obrecht, Oct. 8.
Donald H. Hickey to Juanita Whitworth, Oct. 8.
F. D. Pierce to Christine Stapleton, Oct. 9.
Virgil M. Thompson to Vyvyan H. Lang, Oct. 11.

Mrs. A. D. Prater went to Vernon Wednesday to visit with a cousin, Mrs. Aquilla Maloney, who is ill in a hospital.

Editorials

No hearing has been held in the district court at Austin on the suit of Texas Tech against the constitutional amendment which was approved in August by the voters of Texas. One of the charges is that the amendment was not published in six counties. Moore county, here in the Panhandle, was one of such counties. The Newsman talked with Publisher W. R. Rutherford of the Moore County News and got his story: He was out of town when order for publication came. No one in the office knew what to do about it, so publication was not started. When he returned the starting date had passed, and he so notified the Secretary of State. The Newsman is not a lawyer, but we raise the question: After the Secretary of State has performed his duties, is he supposed to be a police officer to see to it that his orders are carried out in the 254 counties of Texas? After the Secretary of State has carried out his duties, and some county fails to publish the legal notice on time, or fails to publish it at all, does this invalidate the will of a majority of the people over the entire state? If this is correct, we can see dire results ahead for all constitutional amendments which are submitted. For instance, there have been few amendments adopted without some kind of opposition. Should the opponent of any amendment, at any time decide to invalidate the will of a majority, all he need do is to see to it that the amendment be not published in one of the 254 counties of Texas. This may be carrying the case to extremes, but it is the exact picture of what could happen in Texas. It is true that the Secretary of State has sometimes failed miserably in doing his duty in getting out proper notices on time for publication, but never before has this feature been questioned in the courts. As we have often said, courts, laws and lawyers are funny critters in the eyes of laymen who like to be direct and get the job done without so many frills.

Over the nation there was only a 50-50 response to the appeal of the President to observe food conservation. The first week may not be a fair test. This week may turn out better than last week. The Newsman has talked with a number of local citizens during the past week, and most of them are opposed to the program. Frankly the people have not been sold on the idea of sending millions of dollars worth of more food to Europe, while the British are trying to police half the world, and the people on the island refuse to work; while the unions of France are asking more and more for doing less and less; while the top officials of Italy and Greece are fleeing their own people and not trying to help themselves; while the Germans are planning World War III; while Russia is maintaining her war strength army, and gobbling up the resources that we give her neighbors, at the same time refusing to cooperate in any policy that we present. As one citizen said: "During the war we did everything that the government asked, only to find that Uncle Sam was the international sucker. It is now time for Uncle Sam to tell those nations to either go to work or starve." If Russia wants to feed Europe, let Stalin try it; Russia would not last long at that game." And the more we hear, the less we know.

When Canyon first named its streets, the names of prominent people and such like were used. When Canyon "started to grow up" the city dads changed the method of names to avenues running east and west; streets running north and south. As a result people may be directed easily when you know where they live. Now comes the postoffice department urging all towns which want free delivery to go back to the old system of designating streets without system or reason. We wonder why Washington tries to regulate the affairs of every small town, when it is none of Washington's business? Polk Street may sound bigger than Fourth Avenue, but you can always find Fourth Avenue—when you look for it.

J. E. McDonald is a political freak in Texas. He runs for Commissioner of Agriculture as a Democrat, but has supported every Republican candidate for President since Hoover. He is outspoken. No one needs wonder as to what McDonald thinks. He shouts it from the housetop. McDonald is not trying to help the Democratic party. He is an outlaw in the national ranks, and knows it. He comes out for General Douglas MacArthur as the Republican candidate for President. The Republicans of Texas are not likely to pay much attention to the advice of McDonald, but they sure vote for him, and appreciate the independent policy he shows in his political life. Naturally he will be a candidate for re-election next year, and will have an opponent or two, who will charge him with being a Republican. But that does not bother McDonald. He knows that the farmers of Texas appreciate his administration of public affairs, and don't care much how he feels about the national administration. A lot of them feel the same independence. Perhaps Texas would have a better state government if there were more office holders like McDonald.

We get several labor publications, but our old eyes simply do not permit that we read all the stuff put out in these publications. The International Teamster is one of the most violent of the group. Daniel Tobin was a great friend of FDR, who opened two national campaigns before this organization. The last issue of the Teamster is typical: It has an attack on Taft's food program; a threat to leave AFL; an appeal to its unions not to allow employers to sue the unions; "Taft-Hartley Act Inconsistent in Communist Provisions;" "Movies Spread Propaganda for European Immigration;" and a report on finances, showing that the union has \$17,369,520.09 on deposit. Running a big union is no longer a matter of chicken feed. Those big boys deal in real cash, and have not been accountable to the public for their actions until the Taft-Hartley law was passed over the President's veto. No wonder the labor racketeers are opposed to the law.

Politics is a funny animal, and the ways of the politician are a deep dark mystery. For instance, why do the people hold onto politicians who play to the gallery without regard to facts? Texas went through the days of Pa and Ma Ferguson, and then came Pappy O'Daniel. Mississippi had its Bilbo and Rankin. But from a Texas standpoint, it seems that Dallas county with its Ed Cobb, late tax collector, presents the most peculiar case. Cobb was under fire for years. He was indicted and tried, but beat his cases. He was supposed to owe Dallas county a considerable amount of money. When he died suddenly, his personal checks were found in the cash drawer. As a result, the county, State and Federal governments are now checking on his public and private affairs. Yet the people continued to elect him. In another instance a district judge in Texas was re-elected several times while bedridden and unable to perform his duties. Us folks are funny, ain't we?

The craziest situation in food conservation comes in the order of the President that the people eat no poultry or eggs on Thursdays. The government has a support price under eggs. The government has millions of dollars worth of eggs in storage. Should eggless Thursday run the price of eggs down, the government will buy more eggs! Why? Don't ask us. The situation is a muddle.

Hitler is still alive! Yes, the report gets around ever so often, and was repeated again this week. If true, the old boy is probably laughing at the mess and misery that he threw into the lap of the world.

A man in Maine asked to remain in prison after his term had ended. Asked why, he replied that he had heard what was going on, and preferred the security of a prisoner.

Pappy O'Daniel is the political wizard of Texas. He accomplishes the impossible by taking the improbable route. For instance, he is going over Texas talking to high school students. They are not voters, but all of them are intensely interested in our public men and what is going on in public affairs. We venture the assertion that Pappy O'Daniel reached more people in Randall county by speaking at the high school than he would in a public speech down town. Not a single one of those high school students will forget the honor paid them when Pappy came to see them and talked to them. All of them went home and talked to their parents about Pappy. The Senator comes up with new political ideas of which the average run of candidates never thinks. What a man! What a politician!

The Communists have come out into the open by organizing forces over in Russia, taking in all of the nations which are dominated by Moscow. This is the first time that the Reds have come out in the open, and declared a paper war on the Democratic way of life. At the same time we see that over in England Prime Minister Attlee has turned conservative and fired some of his top ranking Red hired hands. Maybe that is a good cue for the treatment of Russia. It is advocated by many Americans that the quickest method of controlling Communism is to let it burn itself out by trying to do the impossible. Who knows?

This is fire prevention week. This should mean more than ever before to the people of America. If you own a home which cost you \$5,000 before the war, you are actually living in a \$15,000 home today. Do you carry insurance on a \$5,000 value, or on a \$15,000 value? If you have not increased your insurance, you are running a big risk. Furthermore, if you have been careless in allowing fire hazards to continue around the place, you may be out of a home entirely unless you have a big backlog piled up for a rainy day. Fire is expensive. You cannot afford to take needless risks.

How do you figure it out? Wheat in the United States sells at about \$2.75 per bushel. When we buy

Canadian wheat we pay \$2.90, but Canada sells her wheat to England for \$1.90. Argentine pays the producers \$1.40 per bushel for wheat, but turns around and resells it for \$6.00 per bushel. The profit to the Argentine government is used to buy American made industrial plants so that nation may compete in world trade with us. Who is getting skinned, and why?

We see that Senator Taft is coming to Texas to line up the Republican vote. When presidential election year comes around, the Republicans swarm over Texas, since they know they do not have to make good on their promises to the people down here; and the Democratic leaders know that Texas people will "vote 'er straight," regardless of the treatment they receive. Texas has a big vote in both parties, but gets small returns for its political lather.

We have bought some more gold to store away in the ground. Just what is that gold going to buy us when the other nations go off the gold standard? We cannot eat the stuff, and do not have enough teeth to fill. It seems to us that Uncle Sam is again playing the sucker.

Offering the British miners added incentives to go to a 6-day week and to produce more coal during the week is, of course, contrary to Socialistic doctrines. But if the Socialists continue to insist on an equality of misery they are going to have an increasing amount of misery.

Henry Wallace repeats that he will head a third party UNLESS the Republicans and the Democrats follow his advice. At present we are giving away the nation's resources at a tremendous speed; but that is not enough for Henry. Since no one expects either party to do his bidding, just brace yourself for a third party in 1948.

With prices climbing higher and higher, the big financiers of the east are more worried about a recession than they are about inflation. Those who keep their eye on prices remember what happened back in 1929—almost overnight.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 12, 1922)

The Buffaloes defeated the Goodwell, Okla., Aggies 104 to 13, the largest score ever recorded by a Buffalo football team.

C. F. Walker, county agent, wired that the Randall county exhibit at the Dallas State Fair won seventh place.

The nation is somewhat amazed over high salaries: Will Hays, \$100,000 as motion picture czar; Judge Landis, \$50,000 as commissioner of baseball; while the President of the United States receives only \$50,000 and the Governor of Texas only \$4,000.

J. O. Bradenbaugh started publication of the Happy Call.

Among the new faculty members at the college are: Miss Ethel Gray, Miss Helen Croson, Dr. C. A. Pierle, Miss Ruth Lowes, Mrs. T. V. Reeves, B. Ford Fronabarger, Miss Mattie Swayne, Miss Grace Caveness, Mrs. Tommie Montfort; while returning from leaves of absence were Miss Darthula Walker, L. S. Baker and Robert Donald.

MRS. EDD SHARP IS HIGHLAND CLUB HOSTESS

Handmade leather gloves were discussed and some work of partially completed gloves was displayed when the Highland Club members met in the home of Mrs. Edd Sharp, Tuesday, Oct. 7.

Miss Lou Ella Patterson, accompanied by Miss Leggett, district Home Demonstration agent, was present. Miss Leggett discussed the possible benefits to be gained from home demonstration club membership and association, and she also stressed home management and family group life.

Mrs. C. N. Cretzinger, club president, conducted the business session, and ten members answered roll call. No achievement on "Family Life" was held as the demonstrator has moved to another location.

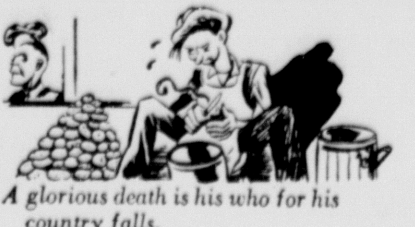

Mrs. Sharp served cake and iced grape juice to the members and guests present.

Attending were: Miss Lou Ella Patterson, Miss Leggett, Mrs. Clyde Jones, Mrs. Frances Mitchell, Mrs. L. J. Fulton, Mrs. Ross Grantham, Mrs. A. N. Green, Mrs. Cretzinger, Mrs. L. E. Mason, Mrs. George Cook, Mrs. Tapscott and Mrs. Edd Sharp.

The next meeting is scheduled for Oct. 21, in the home of Mrs. Leonard Tidwell.

Great New 1947 Servel

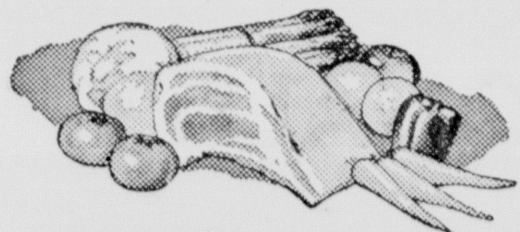

STORES A BUSHEL OF FROZEN FOODS

STAYS SILENT... LASTS LONGER

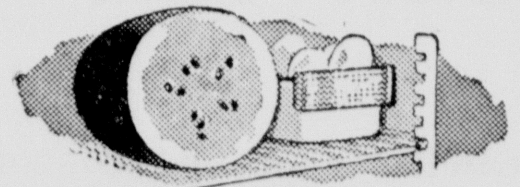

It's a wonderful new refrigerator! It's a big frozen food locker! Both in one! Come see the famous silent Servel Gas Refrigerator that brings you the finest in modern food storage to save you marketing time, and make meals more exciting.

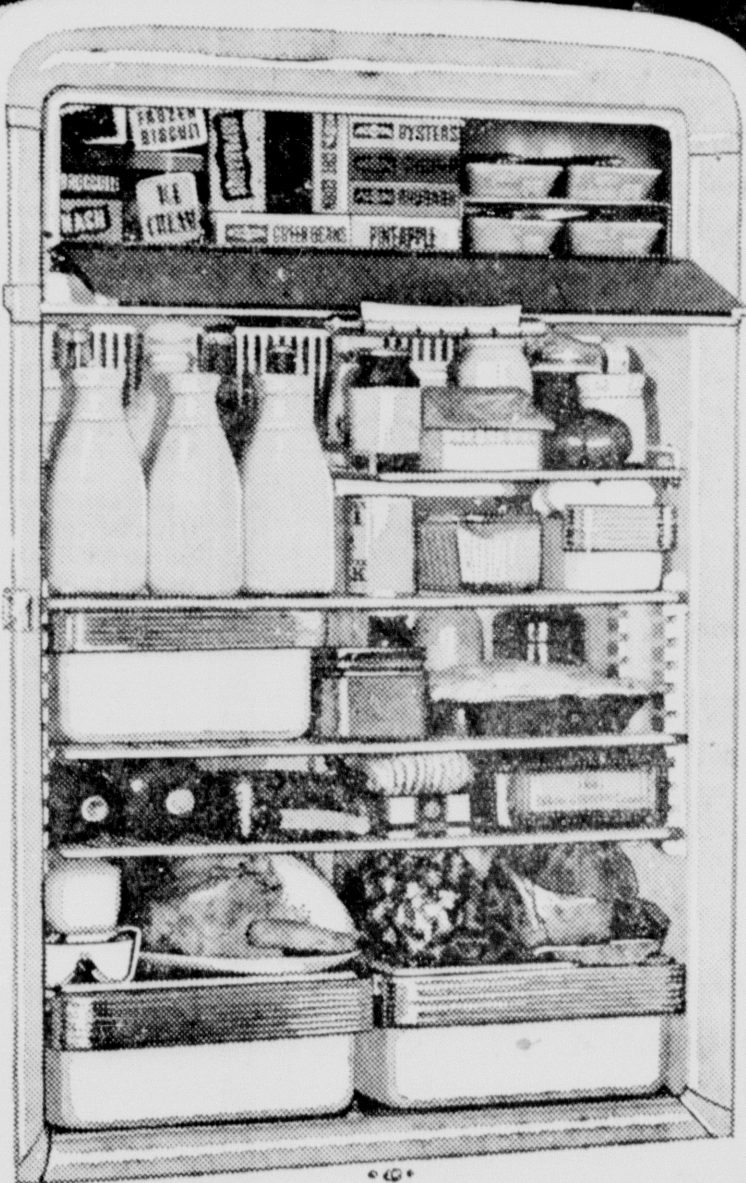

Up to 60 packages of frozen foods fit easily into Servel's big family-size frozen food locker. You can keep roasts, chickens, vegetables, fruits, ice creams—frozen the year round. There's plenty of room in Servel for freezing ice cubes, too.

Two dew-action fresheners in Servel actually crisp up your garden greens and vegetables, keep fruit ready to eat. And meats keep their tenderness for days in the Servel meat keeper.

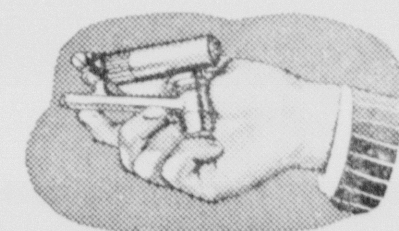

You enjoy extra roominess, too, in the new 1947 Servel—thanks to its wonderful flexible interior arrangement. It means fewer trips to market, simplified meal planning! Big clear-across shelves adjust to eleven different positions—so it's easy to find space to store even a big turkey or mammoth watermelon—plus all the rest of your family's perishable food supply. Easy-to-clean. Shelves are Plastic Coated with the most rust- and scratch-resistant finish ever developed—a Servel exclusive feature.

Tops in convenience, the new 1947 Servel Gas Refrigerator is noise-free and worry-free, too. The secret? Its famous freezing system hasn't a single moving part. No wonder more than 2,000,000 happy owners report, "It stays silent, lasts longer."

Yes, it's silent—forever. You'll never hear a sound from your Servel Gas Refrigerator. No hum of stopping or starting. And no noise means no wear, no loss of efficiency. Operating costs will stay low.

Just a tiny gas flame takes the place of machinery in the amazingly simple Servel Gas Refrigerator. Come see the new 1947 Servels now on display.

Civic Progress Is Program Theme Of Lions Luncheon

Featuring Supt. Elmer A. Wooten, the Board of Education, and the A Cappella Choir, of the Canyon Public Schools, the Lions Club had an unusually interesting and varied luncheon meeting last Thursday, Oct. 9. In keeping with the general theme of civic progress, Mr. Wooten outlined the financial program followed by the Canyon Independent School District for the past three years. Notable improvements have been made in every phase of the budget, particularly in the amount now appropriated for teacher's salaries.

Under the direction of M. D. Sheppard, the choir gave a varied program of five selections: the National Anthem, Welcome Sweet Pleasure, Down in the Valley (with variations), Smoke gets in your eyes, and Tell Me Why. Hearty applause attested to the club's appreciation of this splendid choir.

Guests for the day included: with Lion Ed Williams, Joe Plunk and Ray Balin; With Lion Worth Jennings, Captain Roland Black and R. M. Hays; With Lion Leo Duflet, Dr. W. J. Wooten, the Canyon Independent School Board, President J. W. Spencer, Sect., Mrs. Dan Sanders, Dr. R. A. Neblett, Bradley Burris and J. E. Miller; With Lion Boss Knott, Roger Whealey.

County Schools Are Discussed At Rotary Luncheon

The common schools of Randall county were discussed Tuesday at the Rotary Club luncheon by E. R. Cleavinger, member of the County School Board. He is member of the board from Precinct 1; Charles Beckman represents Precinct 2; H. C. Bryan, Precinct 3; Marion Bruce, Precinct 4; J. D. Barker, member at large.

Mr. Cleavinger distributed maps of Randall county showing the boundaries of each school district, and a sheet of facts regarding each district.

The 21 districts range in size from 9 sections to 35 sections. The districts have from 3 to 67 scholastics.

Umbarger is the only district in the county which is conducting school this year. Thirteen of the districts sent pupils to Canyon, for both the Canyon Independent District and the training school. Two districts send to Happy; two to Amarillo; Highland sends pupils to Wildorado. While Canyon is the only independent district, both Amarillo and Happy independent districts take several sections out of the county, and the Bushland district is part of a county line district.

President Herschel Coffee announced that the District Governor would visit the club on Nov. 4.

A delegation of W. T. students called upon the club to urge cooperation in the Homecoming events. The Rotary Club will enter a float in the parade. The delegation reported that practically all business houses would enter floats, and would close for the football game.

Visitors were Joe Findley of Canyon; Ralph N. Eaton of Wichita, Kansas; V. N. Henderson of Vega; Fred E. DeCoster, Forrest Barnes, J. Bryce O'Keefe, Arch Hunsley, Norris Ewing, Emil F. Myers, W. N. Dell, Ken Bell, James R. Rowntree, N. S. Griggs, S. B. Whittenburg, E. E. Nichols, all of Amarillo.

Hitler in Panic Near War's End

Papers Show Reich in Full Military Defeat; Find Staff Records.

LONDON. — The downfall of the third reich was brought about by utter national deterioration and total military defeat, a British admiralty report says. Its conclusions were based on captured documents which lay to rest forever the legend of an unconquerable German army. "Germany suffered total military defeat, and there was no possibility of ascribing that defeat to anything except military conquest," the report said.

Documents which detail the fuhrer conferences between Hitler and his staff in the final weeks of the war, form the basis for the report. The papers were among the German archives captured by British and American intelligence officers and contained a day-by-day account of confusion and panic in the German high command.

The beginning of the end was in early 1945, when shortages of coal, manpower, and oil made Germany's situation desperate.

Shows Self Up.

"By the beginning of 1945 Hitler's ability had deteriorated and he showed himself quite incapable of viewing the war situation as a whole," the report said.

"Where one would expect to find an acceptance of military defeat leading to plans being made for guerrilla warfare and for continuing the fight underground there are instead nothing but a series of tactical schemes for bolstering individual sections of the three fronts, neither related to nor coordinated with any general strategy."

"The conferences give a clear picture of Hitler and his staff desperate and so harassed that they could not think beyond the immediate requirements of battle."

Hitler ordered his "scorched earth" policy sent to all commands on March 19.

Indicating dissension in the German army, Hitler on March 27 ordered an investigation of officers occupying the posts of fort commanders in the Channel Islands. He said these should be filled mainly by naval officers, "since many fortresses have been given up, but no ships were ever lost without fighting to the last man."

To add to Hitler's confusion, General Eisenhower, on March 31, issued "instruction to the wehrmacht (German army)," advising the German troops to surrender.

U-Boats a Flop.

After long trials Germany's vaunted new U-boats were ready for operation at the end of March. However, during the last five weeks of the war Allied advances squeezed the U-boats out of the Baltic ports. In April, 57 of the U-boats were lost, the highest monthly total for the war.

The new U-boats were virtually useless because of the fuel shortage.

The manpower shortage and lack of arms also had become desperate.

"Allied troops pressed on into the center of Germany, and the position of the wehrmacht became hopeless . . . but as the disorganization in Germany increased . . . Hitler's armies and air forces that he so diligently moved into action were nothing more than colored pins on a map."

Hitler's orders convinced Goering of his insanity and he attempted to take over the leadership. Hitler ordered Goering's execution, the report said, but Goering was only relieved of his command. In the meantime Hitler received press reports that Himmler had sued for peace with Britain and the United States and ordered Doenitz to take "immediate and decisive action" against those in North Germany.

Two Men Exchange Wives After Double Divorce Suit

MISSOULA, MONT. — Marcus Daly III, grandson of the late Marcus Daly, early Montana copper mining magnate, was a principal in friendly wife-switching ceremonies here.

District Judge C. E. Comer granted divorces to Daly and Harold J. Clark, Montana State university student, from their wives, Janice MacKellary Daly and Florice W. Clark, on almost identical charges of cruelty.

The four then stepped across the courthouse hall and Justice of the Peace Ralph L. Starr married Daly to Mrs. Clark and Clark to Mrs. Daly. The four newlyweds left in Daly's car.

Priority to Be Given Vets'

Job Complaints, Says Chief

WASHINGTON.—Secretary of Labor Schwellenbach set up priorities for handling veterans' complaints against employers accused of failure to grant them re-employment rights under the selective service law.

Schwellenbach announced that he had temporarily assigned conciliation commissioners and field representatives of the apprentice training service to handle the veterans' re-employment cases, which have been piling up at the rate of 3,500 a month. He said the commissioners would give priority to these cases over the other tasks of the conciliation and apprentice services.

Even if the Greeks thought of another word for it, it would smell about the same.

Modern Monroe Doctrine

New hemispheric defense line set forth at the Inter-American Conference at Petropolis, Brazil, is traced in black. The declaration of the American republics amounts to a redefining of the Monroe Doctrine, but now defense is shared and not a burden of just the U.S.

U. S. Government is getting interested in what the public pays for moisture. It wants soap in cakes and bars, soap powders and flakes are sold by net weight to compensate for lost water content. It complains, too, that buyers of dried fruit are paying for moisture added to preserve freshness. Since the water evaporates before the fruit reaches the customer, one remedy proposed would have grocers weigh and price certain packaged items at time of sale.

Tin production in Malaya and the

Netherlands East Indies is on the increase. In the second quarter of this year, Malaya turned out 8,217 tons, 3,603 more than the first quarter. In June, 370 mines were operating, compared to 295 this April. Production in the East Indies this year is expected to total 21,000 tons, compared to 8,747 in 1946.

The fat salvage program will be continued until the world fat shortage is less critical. In five years it has collected 810 million pounds of fat.

SAFE--SOUND

No farmer would risk his financial affairs in the hands of men who were inexperienced.

Farmers should not rely on inexperienced mechanics when it comes to repairing those precious trucks and tractors which must be used for the 1948 food crop.

G. M. C. TRUCKS and M-M TRACTORS

are recognized as a safe and sound investment by all farmers. They give service. But they will give you better service when you keep them in the best condition.

We assure you that you will get a new machine just as quickly as machines are available; but in the meanwhile keep those machines in trim shape for next year's planting and harvesting.

If cooperatives had done nothing more than create confidence in goods bearing the co-op label—that service alone would justify their existence.

This consumer confidence is easily explained to non-members. Suppose you, your friends and neighbors, like millions of other people, wanted to control QUALITY in the goods you buy.

Suppose YOU pooled your efforts, investment and buying power with many others and OWNED the production plants that supplied those goods and services.

You would find you had a voice in your business management. You would control quality, have a source of supply, make savings not previously possible. You would buy your own co-op-made goods with confidence!

That's what the people are doing in our own and many other communities. Through cooperatives they are gaining consumer ownership of oil wells, pipe lines, refineries, feed, fertilizer and lumber mills, canning plants, food stores and other enterprises.

The savings made come back to the people and help to build our community. The farmer should buy through a co-op and sell through a co-op.

CO-OPS ARE COMMUNITY BUILDERS

ALL ABOARD

ALL are travelers. But movement does not necessarily mean progress. There are ways and destinations good and bad. Between these each faces the privilege and necessity of choosing. Be sure that the way selected leads to the destination desired. "There is a way that seemeth right unto a man, but the ends thereof are the ways of death."

FORTUNATELY there is a road which leads to Life Eternal. Jesus the Christ declared: "I am the way!" You may journey in this way if you will. However there is no compulsion. You must travel in that way if you are to reach that destination. "The path of the just is as a dawning light that shineth more and more unto the perfect day."

IN a great Railway Station are trains bound in opposite directions. In life you may move toward the heights, or the depths. Time for departure is scheduled; preceding which each must make decision and take action. Many have dallied until they missed their 'train.' Decision and action should be made promptly.

Whither are you bound? You may choose light, or darkness; honor, or shame; pleasure, or pain; life, or death! Remember it is impossible to travel the wrong road and reach the right end! The Lord's counsel is: "Strive to enter in by the narrow gate!" To those who follow his counsel he says: "Ye shall find rest unto your souls!" **ALL ABOARD!**

**Baptists Plan
New Encampment**

At a called meeting of Palo Duro Baptist Encampment, Inc., held in Plainview, Monday, Oct. 13, decision was made to dispose of the Palo Duro Baptist camp near Wayside in Armstrong County, and the directors were authorized to commence liquidation of the Encampment's business. Rev. Lee Hemphill of Littlefield is president.

At a meeting of the District Nine Board, comprising representatives of 22 Plains Counties, a special committee was authorized to study locations for a new camp site, and a report will be made to a special Convention meeting of the Baptists of the 22-county area soon to decide on recommendations. Plans call for a site location and preparation of it to accommodate several camps to be held for youth and others in the summer of 1948. Baptists of the District number more than forty thousand, reaching from Tahoka to Canyon, and from Mat-

ador to the New Mexico line.

Canyon was represented in the Monday meeting by Pastor and Mrs. Roy L. Johnson, James I. Payton, John L. Hammond, G. B. Heath, John H. Wright, Mrs. T. H. Knighton, Mrs. Ed Phillips and Mrs. Henry Cone.

**Baptist Men To
Meet In Canyon**

A meeting of men from churches of Tierra Blanca Baptist Association will be held in Canyon Tuesday night, Oct. 21, beginning with a supper to be served by the host church.

The program includes special music and testimonies regarding tithing by several men from the churches, and the chief address will be delivered by Dr. C. E. Colton, Head of the Bible Department at Wayland College in Plainview.

Howard Mahle of Lubbock visited with relatives in Canyon for a short time Monday. He is a former resident of this city.

SPEAKER

DR. HUSTON SMITH

Dr. Huston Smith, who was a speaker-guest of West Texas State last year is returning October 21, 22, and 23 for a series of addresses and informal discussions as a part of the annual College Religion and Life observance.

Dr. Smith's three general addresses will be at 11 o'clock next Tuesday, Wednesday, and Thursday in the administration auditorium.

Committee members who assisted in arrangements for the program include Billy Bonifield, Naomi Adkisson, Earlene Eustace, and Juanita Bell, students; and Dr. A. K. Knott, Dr. S. H. Condon, Joe Findley, Mrs. T. V. Reeves, and Glenn Truax, faculty.

Special music for each day will be arranged by Truax, who explains that the music will be given by students. Crannell Tolliver, head of the speech department, is assisting in arrangements in connection with the program and his department will make its contribution through students.

In connection with the Religion and Life series the library has assembled a collection of books dealing with religion. Students, members of the faculty, ministers, and other friends in Canyon are helping to make the collection as complete as possible. These books are available now.

When Huston Smith was in Canyon last year he came from Denver University where he was Director of Religious Activities and teacher. This year he comes from Washington University, St. Louis, where he is a member of the Department of Philosophy, specializing in the philosophy of religion.

He was born in China while his parents were missionaries there. His college training was received in America and his Ph. D. degree was conferred by the University of Chicago.

In recognition of the observance, the library during the next two weeks will display several volumes of religious books in the halls of the Administration building. Local pastors and organizations plan to contribute books for the exhibit.

Mr. and Mrs. E. C. King and daughter, of Muleshoe visited in Canyon Saturday with Mr. and Mrs. Everett Hardaway and other relatives.

Mr. and Mrs. Buster Sublett and son, Troy Don, of Pampa were Sunday guests in the home of Mr. and Mrs. A. B. Berry. Mr. Sublett is a brother of Mrs. Berry.

Mr. and Mrs. Ernest Miller of Plainview spent Sunday visiting in the home of Mr. and Mrs. Gus Miller and with other relatives here.

Mr. and Mrs. Bill Bromley of Clarendon visited in Canyon Saturday with friends and with their son, Billy Milt, who is a student at West Texas State College.

Mr. and Mrs. A. O. Thompson of Hereford were Sunday visitors in the home of Mrs. B. C. Taylor. Mr. Thompson is a brother of Mrs. Taylor.

Cheyne-Robinson Vows Exchanged In California

MRS. J. HENRY ROBINSON

On Oct. 5, at 9 a. m., Miss Patsy Yvonne Cheyne and Mr. James Henry Robinson exchanged marriage vows in a single ring ceremony at the home of the bride's parents in Chowchilla, Calif., with the Rev. Temple E. Starkey officiating.

The bride is the daughter of Mr. and Mrs. J. E. Cheyne, 318 Riverside Avenue, Chowchilla, and the bridegroom is the son of Mr. and Mrs. Frank Robinson, 617 Monterey Avenue, Chowchilla.

For her wedding the bride chose an afternoon dress of royal blue crepe with black accessories and a gardenia corsage. As a going-away costume, Mrs. Robinson wore a dress of soft brown wool with cherry cote accessories and a tan short-length coat.

Mr. and Mrs. Robinson are graduates of the Chowchilla High School. Mrs. Robinson is employed by Young's Department Store, and Mr. Robinson is a clerk at the San Francisco Market. They will be at home in Chowchilla after a short trip.

Attending the wedding were relatives of the bride and bridegroom.

The bride, her parents and brother, Donnell, resided in Canyon for a number of years before moving to California.

Portions of two German chemical plants have been put up for sale to American industry by the U. S. Office of the Foreign Liquidation Commissioner. The equipment, awarded to the U. S. as reparations, includes units for the production of formaldehyde, pentamethylol and plastics. Closing date for sealed bids is Dec. 10, 1947.

Department store executives blame the dip in their sales on the staggering proportion of family earnings that must go for meat and groceries. U. S. citizens, they say, are "cutting their clothes to fit a square meal."

CITATION BY PUBLICATION THE STATE OF TEXAS.

To: Van Bishop, Greeting: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of November, A. D., 1947, at or before 10 o'clock A. M., before the Honorable District Court of Randall County, at the Court House in Canyon, Texas.

Said plaintiff's petition was filed on the 25th day of March, 1947. The file number of said suit being No. 1961. The names of the parties in said suit are: Marie Bishop as Plaintiff, and Van Bishop as Defendant.

The nature of said suit being substantially as follows, to wit: Divorce on grounds of cruel treatment; for custody of their three children; for the provision of their support and maintenance.

Issued this the 13th day of October, 1947.

Given under my hand and seal of said Court, at office in Canyon, Texas, this the 13th day of October A. D., 1947.

(Seal) T. H. LAIR, Clerk District Court, Randall County, Texas.

Winter Diseases Among Children To Be Watched

Seasonal health hazards for young children are to be guarded against in the wintertime just as carefully as they are in the summertime in the opinion of Dr. Geo. W. Cox, State Health Officer.

"Every mother is familiar with so-called summer complaints which affect small children but certain winter diseases can be just as harmful and are just as likely to make their appearance unless proper precautions are used during the approaching season," Dr. Cox said.

In the group of winter diseases Dr. Cox included influenza, tonsillitis, pneumonia, bronchitis, asthma, and even diphtheria when a child has not had diphtheria immunization. Any such disease affecting a child's respiratory or breathing system is apt to be very serious and all too often fatal. Pneumonia often develops from a neglected cold or may follow a severe case of measles or whooping cough. Bronchitis conditions may also prove to be an after effect of such diseases and these respiratory ailments are much more difficult to combat successfully than the digestive ailments which are prevalent in the summertime, and known as summer complaints.

"These winter diseases are especially dangerous to babies and very young children," Dr. Cox stated. "Nearly all of them are spread from the secretions of the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense against them is to build up the child's general health, as a power of resistance against disease," Dr. Cox advised. "The second step is to keep them under medical supervision and the third is to make sure that they avoid contact with those who have coughs, colds, or fevers."

Mindful of 1948, White House advisors are urging Truman to go slow on any cost-of-living actions. No matter what he tries, the most effective means of price control must come by act of Congress and political wisecracks insist that if the GOP Congress refuses to restore something like OPA, the Democrats can shed blame for inflation.

BOYCE HOUSE "Gives You Texas"

Paraphrasing Browning, "Oh, to
be in San Antonio now that
autumn's there!"

"Most romantic of Texas cities!
Herds of bawling cattle once were
driven down the dusty main street.
Stagecoaches dashed in, with a story
of a holdup or an Indian attack.
Mules, with jingling little bells,
plodded in, loaded with Spanish
silver.

Her history is a procession of
Spaniards, Mexicans, filibusters,
Comanches, cowboys brawling in
the saloons, cattle kings betting
thousands on the turn of a card.

From San Antonio, Jim Bowie set
forth to seek the San Saba mine
(known to legend, too, now as "the
lost Bowie mine"), had an epic fight
with redskins and, because of his
wounded men, had to turn back.

Roy Bean lived in San Antonio
till he left for Langtry to become
"the Law West of the Pecos."

San Antonio not only is the scene
of the Alamo but here too were
fought the Council House fight, the
Grass Fight, Salado, Alazan, Medi-
na, Concepcion; and the city was
stormed by Texas patriots respond-
ing to the ringing call, "Who will
go with old Ben Milam into San
Antonio.

Shanghai Pierce of the booming
voice; Big Foot Wallace, Texas
Ranger, stagecoach driver, hero of
the Mier expedition and of the War
with Mexico; Bet-a-Million Gates;
Sam Bass on the dodge; Ben
Thompson, master of the six-gun;
Robert E. Lee; Capt. Jack Hays;
Sidney Lanier; O. Henry; Brann the
Iconoclast—all were here.

What a cast of characters!
Imagine writing a whole book
about San Antonio and leaving all
this—or nearly all of it—out! Well,
a fellow did.

A gambler who was an expert at
poker was asked why he never bet
on the races. He said, "They won't
let me shuffle the horses."

A new Zinnia from hybridizing
which Luther Burbank started 25
years ago will grow in next year's
gardens. Up to five inches in di-
ameter, 400 petals to a blossom, in
delicate pastel shades, hundreds of
the colorful blooms were recently
exhibited by David Burpee, cousin
of the late plant wizard, at a meet-
ing of 2,000 garden enthusiasts in
New York.

Too many children are starved for
plamates, for pets, for trips, for
real jobs, under-exposed to the arts,
and so cheated out of all things
that make life exciting when one
is 2 or 3 or 4.—Dr. James L. Hypes,
sociologist.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if
your cough, chest cold, or acute bron-
chitis is not treated and you cannot
afford to take a chance with any medi-
cine less potent than Creomulsion,
which goes right to the seat of the
trouble to help loosen and expel germ
laden phlegm and aid nature to
soothe and heal raw, tender, inflamed
bronchial mucous membranes.

Creomulsion blends beechwood
cresote by special process with other
time tested medicines for coughs.
It contains no narcotics.
No matter how many medicines
you have tried, tell your druggist to
sell you a bottle of Creomulsion with
the understanding you must like the
way it quickly allays the cough, per-
mitting rest and sleep, or you are to
have your money back. (Adv.)

OUR DEMOCRACY—by Mat MEN—AND THE NATION'S FOOD

STEPHEN MOULTON BABCOCK—OCT. 22, 1843—JULY 2, 1931.
COMBINING HIS TWO GREAT INTERESTS, FARMING
AND SCIENCE, STEPHEN BABCOCK, IN 1890, INVENTED
A METHOD FOR MEASURING ACCURATELY THE
BUTTERFAT CONTENT OF MILK. THIS OPENED THE WAY TO
THE DEVELOPMENT OF THE MODERN DAIRY INDUSTRY.

BABCOCK'S INVENTION IS TYPICAL OF THE CONTRIBUTIONS
MEN OF SCIENCE HAVE MADE TO THE EVOLUTION OF
AGRICULTURE IN THIS COUNTRY AS A GREAT INDUSTRY,
AND TO THE EXPANDING PRODUCTIVITY OF THE
NATION'S FARMS...
ALL THE WORLD HAS GAINED FROM THIS FRUITFUL
JOINING OF RESOURCES AND TALENTS IN THE
FREE SOIL OF OUR DEMOCRACY.

Today no one gives his regards to
Broadway, and everybody blames
everything on Broadway. The word
has lost its mythical glitter and has
acquired an equal mythical stench.
"Broadway" is used as an adjective,
denoting that which is crass, shal-
low in the theater.—Oscar Ham-
merstein, 2nd, vice president, Am-
erican Society of Composers, Au-
thors & publishers.

The fellow who used to put in his
two cents worth now has to dig up
a nickel.

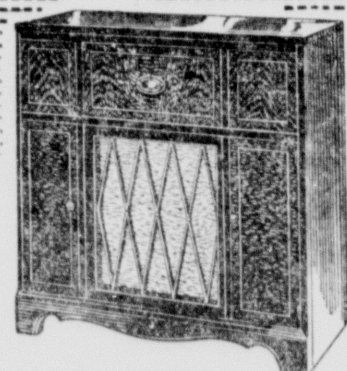

Our faith comes first and is our
most important asset. If America
lost much of its material things,
these could be re-created by our
free, vigorous people.—Winthrop
Aldrich, American Heritage Founda-
tion.

World cotton production is ex-
pected to be 4,300,000 bales larger
in 1947-48 than last year. The crop
is estimated at 25,700,000 bales,
compared to 21,400,000 in 1946-47.
Demand, however, still exceeds sup-
ply.

LET'S BUILD

What new building do you think Canyon High needs most?

Well, that might be hard to answer but one that would be most beneficial to the students and faculty, as well (especially to Mr. Shephard and the band students) would be a new band house.

For years the band has not had a definite room or place for equipment. Last year the stage in the auditorium served as a temporary studio, but as this proved to be very inconvenient, it was moved to the balcony of the auditorium, which is not much better. When the band is practicing it causes a disturbance throughout the building which cannot be helped.

A new band house is simply a "must." Let's think, talk, and do something about this!

What do you say kids?

Six Weeks Test Schedule Is Tuesday Through Thursday

Schedule for six week's test are arranged by members of the faculty of CHS at Friday's faculty meeting. They will start Tuesday and go through Thursday. No student will have more than three tests in one day.

Daily grades which consist of daily work and attitude in class will count three-fourths; tests will count one fourth.

Honor roll students will possibly be listed in next week's Eagles Tale.

Haines, McDougal Will Supervise '47-'48 "Soaring Wings" Staff

Photographers Will Make Students Pictures Soon

Work on the Canyon High School annual, "Soaring Wings," is getting under way with a staff of six students. Valeta Haines will serve as editor this year; other staff members being: Geneva McDougal, first assistant editor; Richard Walters, sports editor; and Jean Hill, advertising agent. Martha Wilson and Janey Forester will assist with the layout work. Betty Erwin will be in charge of the art work and drawings. One sophomore and one freshman will be chosen at a later date to assist on the annual for the purpose of getting experience and directing the year book in years to come.

Bids are being received now from photographers to make the high school photos. Contracts for the grade school pictures have been let to the Henington Co. of Wolfe City, Texas, and the photographs will be made by Paul Benton. All high school pupils who wish to have small, inexpensive pictures will be given a chance to see Mr. Benton while he is here.

Football pictures, individual and groups as to positions played, were made Thursday by Bill Davis, a last year graduate of CHS.

"The theme of the year book, 'Soaring Wings,' is a secret until the annuals arrive," stated editor Valeta Haines.

Themes of Pupils Reveal Ideals of School Citizenship

School Citizenship is the subject of themes written last week by pupils of Mrs. T. E. Beard's English Classes. Excerpts from them reveal the following ideals:

"Good citizenship in school will speak well for a student's personality. The good or bad reputation of any school depends upon the conduct of the pupils in that school," declares James Inman.

"Students must be loyal to their school. They should respect the rules and regulations made by the officials and should take pride in keeping the school grounds and buildings neat and clean," says Horace Helton.

"I think good citizenship means protecting the school property, especially refraining from cutting on the desks. It also means accepting assignments without grumbling and bringing those assignments up in a well-prepared manner," thinks Joan Hicks.

"Good school citizenship consists of keeping oneself neat and clean, being thoughtful of other students and the teachers, and listening to some one else talk instead of doing all the talking and 'advice-giving,'" writes Marian McReynolds.

"Gum-chewing is a nuisance. One will think only of that instead of doing his work. Interrupting in class by whispering, laughing, or talking is poor school citizenship. Doing one's home work is another thing every good citizen will do," believes Jerry Harding.

"Don't be snobbish," declares Mary Elizabeth Jennings. "A good school citizen will speak to the stranger who enrolls, or the one who is timid and lonely. Also, participate in school activities, and avoid being contrary."

This is the most educated generation that has ever existed, yet it has also proved to be the most subject to mass suicide.—Norman Angell, economist.

During Educational week the TCTA will have open house one night when parents will be encouraged to come and talk with teachers about the progress of their children.

The Drum Corps of Canyon High is going to march in the Homecoming parade of the college Saturday.

Grade Notes

Sarah Thompson and her fourth grade from West Texas State visited in the first through fourth grades in the Grade School Friday afternoon. With them, they brought bird and animal collections and while displaying them to the students, told them of their living and eating habits.

The pupils in Mrs. Brasher's fourth grade are making a special study of the teeth and their care. They made posters for this and the study of fire prevention.

Mr. and Mrs. W. R. New were visitors in Mrs. L. M. Cousins' room this week.

Mrs. Dan K. Usery's third grade students have been preparing a miniature farm in connection with their farm unit. They wrote stories and made posters on this also.

Two hikes were taken by Mrs. Goodman's third grade this week. They went to George Aven's house where they saw his pony and Ronald Crow's house where they saw numerous lovely flowers. After they returned to school the students wrote stories on both of these trips.

GI elected their class officers this week. President is Virginia Holt; vice-president, Nora Dell Ruthart; secretary, Jo Ann Mickey; and reporter, James Head. The pupils in this room have been studying the manufacturing industry. Thursday they were shown the following films: "Meat for America," "Passenger Train," "The Story of Coal," and "The West Texas State Campus."

Mrs. Hugh Kelso, assisted by Mrs. B. H. Hickman gave her daughter Gwendolyn and Mrs. Davis's second grade a birthday party Monday afternoon. After several games were played, birthday cake and pops were served to the guests.

5W elected their officers of the class this week also. Lucy Hollaugh is president; vice-president, Helen Martin, secretary, Frank Lill; and fire chief, David Miller.

Simms Will Head CHS Instructors

Mrs. Cecil Simms, recently elected president of the Canyon chapter of Texas Classroom Teachers' Association is beginning her work for the season by presiding at the first meeting in the home of Mrs. Mitchell Jones.

For the program Mrs. A. K. Goodman reported on the Oxford Conference. She told of the national organization's outlined aims for the coming year, chief of which is interesting more young men and women in the teaching profession.

Mrs. Simms listed the events and aims of the recent state meeting at Mineral Wells. These were: To obtain 100% membership in the National Education Association, Texas State Teachers' Association, and Texas Classroom Teachers' Association for our teachers. To build a professional attitude of the teachers in Texas by organizing outlined districts in TCTA, and to encourage teachers to accept their rights and privileges of citizens by doing more public relations work.

During Educational week the TCTA will have open house one night when parents will be encouraged to come and talk with teachers about the progress of their children.

Ah, yes, little ones, big ones, and middle sized ones, it's your snooping, spying, old friend Cactus Cal once again with the latest!

My, my but hasn't Paige Carruth been busy lately? It seems he had a date with Joan Bullard, Wednesday night and then he popped up with Joan Morton Friday night.

It seems Mrs. Simms gets a lesson on how to make love in her second period English IV class every morning. The strange part is that it is two boys instead of a boy and a girl. What about that R. D. and J. B.?

The other day I happened to pass the Algebra I class when who should I spot holding hands but Joan Hicks and Horace Helton.

Calling all jeeps, calling all jeeps with license number 5853, was the S. O. S. sent out by Rita Gail, Ruth and Betty Jean, last week. Cal's wondering what this all means.

Can't you get up the nerve to ask Janey for a date, Horace?

It seems Easton Wall won the interest of Geneva McDougal at Tulia Friday night. Anyway she is wearing his ring.

Ava Dooley and Richard Walters were having quite a struggle Sunday night. Could there be anything to this? Ahem!

If the bus going to Tulia was crowded Friday night, Mary Borden and Gerald McDuff didn't notice.

Just what is so attractive about the Tulia boys, Joyce Carter, Bobby Ford, and Babs McDougal? Those footballs of Paul Webb's are most becoming around your neck, Bobby.

From what I gathered, Kenneth Fisher and Benny Cuppell had gobs of Fun Friday night with two girls with the initials, R. G. and B. J. S.

Why the confused look, Clifford? Could that variety of girls you have, be getting you confused?

A little birdie told me Donnell Ruthart was walking on air after his date with Shirley Yaryan Friday night.

Varied Activities Make Farmer's Weekly Routine

Dues for membership in this year's Future Farmers of America club will be \$1.25 as set by the executive committee who met at noon last Wednesday. Thursday the committee rehearsed preparations for the initiations of the Green Hands for Tuesday night.

James Bible, Joe Abbott, and Donnell Ruthart will serve as the refreshment committee for this year. The members of the executive committee are as follows: Donald Davis, president; Leo Erwin, vice president; Clifford Burtz, secretary; Travis Payne, treasurer; Jerry Inman, reporter; Golden Currie, sentinel; Don Hickman, parliamentarian; Bryce Slack, historian.

Also, as a part of the club's activities, Clifford Burtz, James Bible, Eugene Morris, Robert McClendon, and Richmond Payne, accompanied by Mr. Devin, attended the county fair at Friona last Saturday. They participated in the district judging practice and saw the parade of floats, bands, early model cars, and the live stock of the show.

Representing the CHS chapter of the FFA organization at Lubbock last Monday night were James Inman, Donald Davis, Albert Craig, Bruce Winn, and Mr. Devin.

English Test Reveals Need for More Drill

Students and teachers are discovering English needs in the results of a series of English tests titled, "Essentials of English Tests" by Dora V. Smith of the University of Minnesota and Constance M. McCullough of the Western Reserve University.

The chief value of the examination lies in its diagnosis of individual strengths and weaknesses. A similar test will be given at the close of school and the results of the two tests will be compared.

"The English department is making a concerted effort to improve the standards of English in our schools," says Mrs. Cecil Simms, instructor of English III and IV in the High School. Mrs. Simms continues, "We shall take advantage of every aid possible to promote greater interest in English among the students."

Teachers giving these tests are: Mrs. Simms, Mrs. T. E. Beard, Mrs. Nora E. Gilmore, and Mrs. R. E. Ball.

Mr. T. L. Devin Gives Talk to FHA Girls

"Parliamentary Procedure" is the title of an address Mr. Thomas L. Devin delivered to the Future Homemakers of America in the Home-making room of Canyon High School last Thursday evening.

Sextet, consisting of Frankie Sneed, Marian McReynolds, Barbara McDougal, Sue Ann Colwell, Donna Erwin and Merle Bullard, sang the new club song, "American Future Homemakers" by Lou Ann Smith.

At the Halloween Carnival this year, the FHA girls will have the Cake Walk. Each girl in the club will bring one cake.

Junior Sales Net Fund of \$1764

Selling magazines has again been a project of the junior class for raising funds. The two captains, Mable Graham and Don Hickman, have turned in a total of \$1764.45. Mable's team won the contest by selling \$1141.95 of magazines and Don's team followed with \$622.50. A costume ball will be given for the winning team next Tuesday night at 7:30 in the high school gymnasium.

Mable Graham led in the sales as high point salesman with \$218.50 and Dorothy Butler came in second with \$171.40. Both girls will receive prizes.

Daily high salesmen for the two sides were Sue Ann Colwell, Bette Schuette, Dorothy Butler, Mary Sue Foster, Mable Graham, June Jennings, Betty Erwin, and Ramona Simon. A jack-pot of \$13, \$2, and \$4, was won by Gerald McDuff, Sue Ann Colwell and Bette Schuette respectively.

Certificates will be given to those selling a quota of three "Ladies' Home Journals" or "Saturday Evening Posts."

C.H.S. Choir Sings

C. H. S. Choir, under the direction of Mr. M. D. Shephard, presented a program for the Rotary Club on Tuesday, October 7. The songs consisted of "Star Spangled Banner," "Down In The Valley," "Smoke Gets In Your Eyes," and "Welcome Sweet Pleasure."

On Thursday, October 9, another program was given to the Lions Club. The above songs were the selections sung, including one other, "Tell Me Why."

Students Conduct Class Assemblies

Classes of Canyon High School held meetings Monday morning, October 13, to discuss preparation for the Halloween Carnival.

The seniors decided on Bingo as their booth. Joan Morton was selected as their candidate for Carnival Queen.

Closing of the magazine sales was discussed at the junior's meeting. They chose the "Silver Dollar Pitch" and selling confetti as their booth. Ema Gene Zachry will be representative for Carnival Queen.

"Niger Shooter" was the booth chosen by the sophomores and Bobby Jean Ford will be Queen Candidate.

The eighth grade chose the "Pennie Pitch" and selling confetti for their booth.

The freshmen selected "Guessing Weight and Axes" and Joyce Payne as their candidate.

Bill Davis, Robert Fisher, James Guthrie, Billy Abbott, and Charles Wright visited Canyon High School last week.

Bill made pictures of the football squad and Robert visited the Journalism class to get a news story for The Prairie.

James, Charles, and Billy roamed the halls and visited with friends.

Charles is playing football for the Buffaloes, and Billy is going to play basketball.

Gridmen Wait for Friona After Beating Hornets

Outrushed and outfought the first quarter, Canyon High's high soaring Eagles came back late in the second quarter to start their fruitful struggle to defeat the Tulia Hornets in their first conference clash.

The Hornet's pushed their way to the Eagle's goal line early in the second quarter to score the first touchdown of the game while conversion by Jackie Ramsey was not successful.

Burrus Intercepts Pass

The Eagles found themselves in the latter part of the second quarter when Austell Burrus snatched a pass and ran 55 yards before he was downed on Tulia's 9 yard line. Meade Michael then attempted to run but was stopped on the Hornets 8. James Inman tried an unsuccessful pass to Burrus. Inman took to the air again and connected with a pass to Burrus. Tommy Hunter failed to make the extra point and as the half ended the score stood 6 to 6.

Hunter Scores

The early part of the third quarter was uneventful with both teams trying desperately to shake their backs loose. The steady going Eagles battled their way on first downs to Tulia's 27 yard stripe. Inman completed a 20 yard pass to Burrus. Hunter took the ball and plunged to Tulia's one inch line. The Hornets line dug down to keep the Eagles from scoring but failed; when Hunter pushed his way over the goal by inches. The extra point was made good with a pass from Hunter to Burrus.

Fourth Quarter

The fourth quarter was scoreless but did not lack action. Canyon High lost its chance to score when Tommy Hunter fumbled for a 10 yard loss. In the closing minutes of the game Tulia started a touchdown drive but was stopped on Canyon's 3 yard stripe when time ran out and the game ended.

During the half, Canyon High's Drum Corps and pep squad performed.

They first formed an H for "Hornets" and then an E for "Eagles." After each formation, a yell was given to the team indicated by the letter.

Next Friday, October 17, the Eagles will meet the Friona Chiefs. This game will be played in Buffalo Stadium at 8 o'clock.

Wesley Cox Quits

Replacing Mr. Wesley Cox, recently resigned as teacher in Canyon High School, is Mrs. J. E. Miller, who will substitute until a permanent instructor is employed.

She teaches one section of eighth grade math, one of eighth grade history, and two sections of American History in senior high school.

"I am enjoying the work with the Canyon students very much," says Mrs. Miller. "They try to do unusually good work. That is gratifying to any instructor."

Corsages of large white mums tied with satin ribbons in the school colors and the letters CHS secured to the center of the flower is being featured by Chris Wooten's Flower Mart. These mums costing \$2.25 are to be worn by the Eagle boosters at the remaining football games.

This community was saddened by the death of Bernard Kinsey the past week. Our sympathies are with the bereaved.

Charles Sutton had an eye operation last Monday. Mrs. Holman is visiting with her daughter, Mrs. Charles Sutton.

Earl Wesley purchased a new Fleet-master Chevrolet. Mr. and Mrs. J. W. Wesley were called to Littlefield Saturday night owing to the critical illness of their little granddaughter, Artis Sue, daughter of Mr. and Mrs. E. E. Wesley. She is in a Littlefield hospital but is slightly improved at this writing.

Mr. and Mrs. Charles Wesley and T. H. Shipman motored to Temple Wednesday. Mr. Shipman and Mrs. Charles Wesley expect to go through the clinic before returning home.

Mrs. Alvin Wesley who underwent a major operation two weeks ago expects to start for home Tuesday.

Mrs. G. E. Wesley was in Tulia Friday.

Those attending the REA telephone meeting in Tulia Friday were Mr. and Mrs. Lester Bryan, J. W. Wesley and Emel Schaeffer. J. W. Wesley returned from Littlefield Sunday afternoon. Mrs.

Wesley remained to help care for her granddaughter.

Mr. and Mrs. H. H. Shipman are expecting company from San Antonio.

The H. D. Club will meet Friday in an all day meeting with Mrs. S. F. Sharpes for a glove-making demonstration.

Baptist Pastor To Preach Sermon Series On Hebrews

Pastor Roy L. Johnson will begin a series of sermons Sunday morning, Oct. 19, on The Epistle to the Hebrews, which he considers one of the most important books of the Bible because it explains the meaning of the sacrificial system of worship practiced by the Hebrews, and the significance of the death of Jesus Christ as revealed in this system of sacrifices. He invites friends to hear the services, beginning at 11 a. m. Sunday.

Sunday School Superintendent A. K. Goodman reports an attendance of 424 and 484 the past two Sundays, and announces a clinic for the study of duties of all Sunday School workers the night of Oct. 27.

Eula V. Potter, Director of Training Union which meets each Sunday at 6:45 p. m. reports attendance of 175 and 243 the past two Sundays when a new high record was set. A clinic is planned for study of the duties of all Training Union workers on Oct. 20.

Subscribers May Take Advantage of Low Prices

Many Randall county citizens are taking advantage of the Bargain Rates on subscriptions which will be in effect during October.

No one knows what may happen after October, as the news print situation is more critical today than it was during the war.

The only safe thing is to call at the News office and make your renewals now, and save on your newspapers for the coming year.

For the month of OCTOBER ONLY, renewals to the Amarillo News and the Canyon News may be had for \$12.45. There is no guarantee that these rates will prevail even during November. Subscribers are urged to take advantage of this low rate AT ONCE. This is for seven days per week.

Those who do not wish the Sunday edition may secure the Canyon News and Amarillo News for \$10.45 per year.

The Fort Worth Star-Telegram

has authorized a rate of \$13.45 for that paper and the Canyon News for seven days per week; \$12.10 without the Sunday issue.

California University will spend a legislative grant of \$300,000 this year in an attempt to locate sardines which have not visited their usual haunts off the coast for two years. Success may revive a \$65 million industry that once employed 25,000 men and furnished the nation with a billion pounds of food annually.

A favorable trade balance, equal to more than 250 million American dollars, was attained by Australia during the last fiscal year. Exports increased by more than 50 per cent, imports by 17 per cent.

Basketballers Start Workouts

Buffalo basketball squad practices have begun in Burton Gym with practice shooting and track work, according to head basketball coach W. A. (Gus) Miller.

He said he was glad the team got to start early this year so they can be ready for the season to open, for last season practices could not begin until about two weeks prior to the opening game because men were living in the gymnasium.

To open the season this year the Buffs will travel to Oklahoma, Missouri, Illinois and Indiana. After these trips they will return home to play a series of Border Conference tilts and more non-conference games.

During the Christmas holidays the squad will journey to Los Angeles to participate in a tournament there December 26, 27 and 29. After the tourney they will stay over to watch the Rose Bowl game January 1.

Only four of the present squad members were on the 1946-1947 varsity team. Most of the others were

in the top-notch freshman team last season. Boyce Box, Glynn Braden, Bill Miller and Neil (Pinky) Jackson of last year's squad now are in training, but with the end of football season, Cloyce Box and Charles Kitchens will be added to the roster.

"The freshmen on the team add much needed fresh blood to the Buffaloes," said Coach Miller, adding, "I think we should have them developed into a championship crew by the time basketball season opens."

A complete schedule of games will be released in two or three weeks, he affirmed

Buffaloes Defeated Miners Here Saturday Night 14-0 In Opener

West Texas State's Buffaloes gave the fans of Buffalo Stadium Saturday night the thrill of the year by handing the Texas College of Mines eleven their first defeat of the 1947 season, 14-0, thus pulling themselves out of the losing column and into the win side.

It was a rough game which was in doubt several times. The Miners opened the game with a push that resulted in a near score and was stopped only by successive losses as the spirited Buff line charged in to trap one Mucker after another behind the line of scrimmage.

The second quarter was nearly the exact reverse of the first as the Miners were unable to gain and the men of WT gained consistently with the first touchdown near the end of the first half as the result. This first tally came as WT partially blocked a Mines punt and returned it to the 50 yard line. A pass from Charles Moore to Charles Kitchens netted 24 yards.

Charles Wright then took the ball and drove to the 18, then to the 16 and to the 5 on successive plays. Then he took the ball and plunged over for the score. Junior Melton place-kicked for the extra point. The half ended with the count 7-0.

The first time the Buffs had the ball in the third period, they netted another score. West Texas took a

Mines punt on their own 46, after which Lloyd Johnson drove for 6 to the Miner 48. Bill Cross gained four, Johnson another 12 and Omer Jordan, left end took a handoff and passed to Charles Kitchens who raced 36 yards for the score. Melton again added the extra point. Now the Buffs held a 14-0 advantage, which lasted them the rest of the game.

For the rest of the game, the Miners tried time after time to thwart the Buffaloes forward wall, but were repeatedly unsuccessful, being thrown for large losses. Ed Smith, the Miners highly-touted fullback, was held to practically no gaining, though he did most of their handling, along with Jimmy Bowden and Fred Wendt.

WT was well on the way toward

another touchdown when the final gun sounded the end of the game. This win was the fifth in a row for the Buffs on their home field.

The weather was nearly perfect with a slight wind from the north cooling the air somewhat.

Thompson Praises Teaching Future

"Teachers in Texas have as good, if not better, opportunity to do superior teaching as do teachers in the East," said Miss Sara Thompson, fourth grade teacher in the Demonstration School, in speaking to a group of teachers from the Canyon Public School and the Demonstration School Thursday afternoon.

Miss Thompson has just returned from a year of study at Teachers College, Columbia University. While in school she had occasion to visit a number of public and private schools in New York City and surrounding areas.

Much of her discussion Thursday was based on her observation of recent trends in elementary education as she observed them in these schools.

Oil is being sought in Palestine for the first time. An affiliate of the Iraq Petroleum Company has begun drilling about 15 miles south of Gaza. It also plans to drill in the Negrev, the undeveloped region of Southern Palestine.

Harden College Face Buffs Sat. Homecoming

For the all-important Homecoming football game, the Buffaloes have an opponent which will offer far more resistance than many persons here realize.

That team is Hardin College of Wichita Falls.

Hardin has an enrollment of twice the number here at WT. However, the football squad has approximately the same number of men as are on the Buff squad. And except for weight the teams are about equal in size and experience.

Hardin's Indians will have a slight advantage in heavies with 10 men who weigh over 200 pounds. Speed is another factor with which the Indians will be loaded, having four players who reputedly run 100 yards in 10 seconds or less.

In experience both squads are practically new. Hardin, however, has all except one of its 1946 starting lineup back and 30 lettermen have returned. Last year was the first time Hardin College has had a football team since 1929. They won nine, lost two and placed second in the Texas Junior College Conference last season.

So far in the present season the Indians have a .500 average, having two wins and two losses. Last week they played the Oklahoma City University Indians, beating them in an upset, 19-7.

The Buffaloes are trying their best to be in top physical condition for this tilt, mainly because it will be before a capacity crowd and also because of the huge number of Exes who will be cheering for their alma mater.

Musicians Move Into New Home

A housewarming is in order—Thursday was moving day for the West Texas State band family.

Band members with a snap of excitement in their eyes and super-smiles are completely justified in their feelings, according to Director Jerry Newman, who asserts the new band home is superior in comparison to that of any other school in the Panhandle.

After viewing the one - room building which served for rehearsals, office and all necessary equipment for the band and orchestra, it would be interesting to take a "peek-see" in the new building and find how the occupants are arranging things in the spacious quarters.

The facilities of the building features a large rehearsal room with built-in raises, three practice rooms, band library, orchestra and band equipment, uniform, class, office and rest rooms. The control room for broadcasting and making recordings will have a cable hook-up for equipment used in conjunction with the speech department.

The outstanding convenience of the building is a ramp leading from the back door to Buffalo Stadium. The abandoned building will be used for an art workshop.

Agriculture Department prophets are filled with gloom, for a few months, they say, butcher shops may bulge with roasts and steaks (though prices may not fall) because ranchers and farmers will thin their herds due to the on-coming feed shortage. Then, for two years or more, housewives may face a shrinking supply of beef, veal, pork and lamb.
